Read what some of your fellow Scouters have had to say about how this course has enabled them to help Scouts:

Mark E. "I would recommend this course to anyone, as it has something to offer for everyone, irrespective of the level of "gun" experience a participant may have. The novice will learn the basics of care, safety and use, while the expert will hone their skills. For me, I took it to expand on how I could help the youth we serve, beyond my troop. And, it has been amazing. Since completing the course, I have served on the range staff at Winterblast, I have opened the ranges for visiting troops on weekend camp outs, and I have been given the honor to serve on the shooting sports staff at the upcoming World Jamboree. You will not be disappointed in what you learn or what you can accomplish by completing this course. On the Jamboree, I owe it all to shooting sports. Within days of advising them of completing the course, I was offered a position on the shooting sports staff. Before that, my application was pending and had been for months."

Janet T. "This course has given me some of the most rewarding and fulfilling opportunities since I have been involved with Scouting. I have watched a Scout's eyes light up with excitement as their abilities improved and received many 'Thank you!' comments as they realized the benefit of my coaching. And, on a selfish level, I have made some of the BEST FRIENDS EVER!"
