

North Florida Council University of Scouting Advanced Degree Program - Adult

The North Florida Council University of Scouting Degree Program is designed to provide interested Scouts, Venturing Scouts and Scouters with the tools and knowledge that can be gained through supplemental training to help reinforce the Scouting Program. Participation in the degree program is voluntary and adherence to the degree requirements is totally the responsibility of the student. Classes that are offered in the Basic Leader studies do not earn credits as they are National Basic Leader Training courses developed for leader 100% trained status. As participation for the degree program requires a leader to be trained in his/her position, the basic training should be completed prior to the supplemental training. It is the responsibility of the student to provide proof of this training (by attaching copies of trained cards).

Candidate's Name : _____ Pack/Troop/Crew _____ Unit # _____
